

Alternative Medicine

What if your health depended on a service you were not allowed to receive?!

Health Freedom Washington is a non-profit grassroots lobbying organization dedicated to preserving the freedom of Washington State citizens to access independent health care practitioners of our own choosing and to protect practitioners from criminal prosecution.

Our Vision is of a healthy Washington whose citizens function at an optimal level and responsibly contribute to society.

We are adding a "Safe Harbor" Exemption to the existing list of Exemptions (in RCW 18.71.030, Exemptions) under the Definition of practice of medicine statute, (RCW 18.71.011).

Our proposed legislation will provide a safe status under the law to allow all unregulated health care practitioners who do not harm the public to safely and freely provide valuable health care services (RCW 18.120.010(-Purpose-Criteria)).

This proposed law contains prohibited conduct and requires practitioners to disclose education, qualifications, etc.

Six states now have safe harbor exemption laws while 19 – including us – are currently in the process.

CA, ID, LA, MN, OK, RI

Request for Endorsement

Your endorsement will allow us to effectively lobby along with you to pass a safe harbor exemption bill preserving your access to complementary and alternative health care practitioners.

May we add your name?

There is no cost involved. However since our organization is all volunteer run, any donations of money, time, talents, air miles, hotel rooms are always welcome!

The purpose of this Endorsement List is to demonstrate support to legislators.
